

# *Congratulations On A Job Well Done!*

*In May 2009, with many of us in new roles for the 2010 World Cup, we set out to deliver this year's World Cup at the same high standards of those in '05 and '08. We also sought to take the 2008 feedback from FIS and improve our World Cup product in the areas of media support and community engagement while at the same time paying particular attention to the needs of all athletes and coaches as they prepared for the challenges of the Olympics.*

*Without a doubt, we were 100% successful on all aspects of our undertakings. That success is 'yours' and we wish to extend a heartfelt congratulations to each of you for your leadership and dedication to the numerous tasks that came your way over the last 8 months. It was a great 'Team Effort' on all levels of execution by all 500+ volunteers and a handful of contractors.*

*Sara's bronze medal is a just reward for all of our labours and we trust that you will find some time to reflect on the positive contribution that you have made as you take in the Olympics in the coming weeks.*

*As the Right to Play slogan states - 'Look after yourself and look after one another'.... we will need you back again in 2012, we hope!*
