**Welcome from the Chief of Competition**

Hope the athletes enjoyed the students yesterday. Congratulations to all the winners.

**Introduction of the OC & Jury**

- Selection of the Coach member of the Jury was announced. Coach from Great Britain will assist the jury tomorrow.

**Event Program and Schedule**

- Schedules for both 16 and 17 are available.
- A show of hands indicated that the preference is for no team captains meeting tomorrow.
- TD indicated that the jury would make themselves available for questions and a start list will be put into their boxes in the Race Office.

**Weather**

- We are hoping that the overnight gets colder tonight. The course was soft today.

**Stadium**

- Stadium includes the penalty loop.

### **Course**

- Note that the women will be taking the same route towards the stadium twice beside the Lillehammer hill.
- Provide a lap lane sign for the women so that the women remain on the right course.
- Men's course is standard course.

### **Range**

- No changes to the Range information.

### **General information from TD**

- Monitored all activity in the range yesterday and there were several reminders for coaches and others to adhere to the rules.
- Written warning issued for sit-ski lifting.
- Disqualified Sit Skier as their sit ski was too high.
- Poland would like to compete tomorrow and earn points if OK with countries at TCM.
  - Comments included that the athlete can race but should not earn points.
  - Agreement that the skier should be allowed to compete and be included in the unofficial results and then taken off the official results.
- Verbal feedback given to athlete on holding zones i.e. the skiers should not be striding or skating
- The announcers have been notified to reduce the volume in the stadium when VI racers are shooting.
- On lane 11 several teams indicated that an athlete missed all targets but the results showed that they missed only 2. TD indicated that this should be further discussed further off-line
- Like to thank the competition committee for the good work on behalf of the IPC and WPNS.

**Meeting Adjourned at 1645**
